

LYSAGHT COLORSCREEN®

SCREENING FOR ELEVATED BUILDINGS

LYSAGHT

LYSAGHT COLORSCREEN® IS A STYLISH NON-STRUCTURAL SCREEN

SUITABLE FOR ELEVATED HOMES, CABINS, GRANNY FLATS, MODULAR BUILDINGS AND OTHER RAISED STRUCTURES

- Promotes airflow beneath whilst screening the underside of a building
- Rot resistant and impervious to termite attack
- Pre-painted, strong and requires minimal maintenance
- Prevents people, animals and objects from going under a building
- Available in lengths of 3 metres and features folded edges to allow for safer handling*

*When installed with appropriate personal protective equipment

Note: All dimensions shown are nominal.

COLORBOND® STEEL STANDARD COLOUR RANGE

Note: The COLORBOND® steel colours shown have been reproduced to represent actual product colours as accurately as possible. We recommend checking your chosen colour against an actual sample of the product before purchasing as varying light conditions and limitations of the printing process affect colour tones. The profile of fence posts and rails actually supplied may vary between regions and may differ to photos and drawings featured in this brochure and on our website. Please consult with your supplier or nearest Lysaght branch if you have any queries.
