These General Terms and Conditions of Sale ("Conditions") shall apply to and form part of any contract for the supply of goods, products and materials and related services ("Goods") by Lysaght Building Solutions Pty Ltd, ABN 61 103 232 444, trading as Metalform Structures or any Related Corporation of Metalform Structures to the Purchaser.

### 1. Quotations, orders and contracts

- 1.1. All quotations are made and all orders for Goods are accepted by Metalform Structures on and subject to the Conditions and any special terms and conditions which are agreed to by Metalform Structures in writing. Unless otherwise expressly agreed by Metalform Structures, previous dealings between Metalform Structures and any Purchaser or the imposition of additional or alternative terms and conditions by a Purchaser shall not vary or replace these Conditions or be deemed in any circumstances whatsoever to do so.
- 1.2. Metalform Structures may withdraw, revoke or vary a written quotation at any time prior to the Purchaser submitting an order which accepts the offer to sell comprised by the written quotation.
- 1.3. Metalform Structures reserves the right to accept or decline, in whole or in part, any order for Goods placed by a Purchaser.
- 1.4. The agreement to supply Goods to the Purchaser starts on the date Metalform Structures agrees to supply the Goods to the Purchaser. This may not be the date the order is received by Metalform Structures.
- 1.5. Where in the period between acceptance of a quote and delivery of the relevant Goods, Metalform Structures incurs an increase in the cost of producing and/ or delivering the Goods, Metalform Structures reserves the right to increase the quoted price of those Goods any time prior to delivery (a 'price escalation'). The Purchaser shall accept any such price escalation.
- 1.6. These Conditions prevail over any terms and conditions of trade of the Purchaser whether or not any inconsistency arises.
- 1.7. Metalform Structures acknowledges that the supply of Goods by Metalform Structures under these Conditions to an individual whose acquisition of the Goods is wholly or predominantly for personal, domestic or household use or consumption, will be a consumer contract for the purposes of the Australian Consumer Law (Consumer Contract).

### 2. Price

- 2.1. The price of Goods will be Metalform Structures's current price at the time of delivery (or where clause 4.3(d) applies, the current price at the date of the invoice), subject to any contrary agreement (if any) between Metalform Structures and the Purchaser regarding price.
- 2.2. Where Goods supplied to a Purchaser are of a kind ordinarily acquired for personal, domestic or household use, Metalform Structures will provide a quotation or otherwise notify the Purchaser of a single total price, inclusive of GST, applicable to those Goods if the price is capable of being quantified. The Purchaser shall be liable to pay to Metalform Structures all amounts on account of GST in the same manner and by the same means as all other charges.
- 2.3. The price of Goods specified by Metalform Structures in any quotation:
  - a. will remain valid for a period of 30 days for an order made by the Purchaser in accordance with the quotation, unless otherwise specified; and
  - b. is subject to any other conditions specified in the quotation.
- 2.4. Unless otherwise indicated, all prices for Goods are exclusive of all applicable taxes and charges. The Purchaser shall be liable for all excise, sales, GST or any other tax, charge or government impost (domestic or foreign) upon the Goods or any part of the Goods, or upon the manufacture, use sale or delivery of the Goods in addition to the purchase price. Where Goods are subject to GST, the Customer must pay GST at the same time as payment for Goods is made.
- 2.5. Unless otherwise agreed, prices do not include the cost of delivery of Goods, including but not limited to costs incurred by Metalform Structures arising out of late notification by the Purchaser of a change to agreed delivery schedule, storage charges where Goods are not collected immediately upon being made available and demurrage costs incurred by Metalform Structures. Loading lengths (as defined by Local State Transport Authorities) will be subject to any additional delivery charge.
- 2.6. Unless otherwise requested by the Purchaser in writing, prices quoted provide for Metalform Structures's standard packing arrangements.

### 3. Payment

- 3.1. Unless Metalform Structures grants credit to the Purchaser and subject to Metalform Structures's right to withdraw credit, payment for Goods purchased from Metalform Structures must be made by the Purchaser in immediately available funds on or immediately prior to delivery of the Goods.
- 3.2. Where the Purchaser has an approved credit account with Metalform Structures, the Purchaser shall ensure that payment for the Goods is made to Metalform Structures in accordance with the terms agreed between Metalform Structures and the Purchaser. All payments are required to be made by the Purchaser by no later than 30 days after the date of Metalform Structures's invoice or such other date for payment as Metalform Structures and the Purchaser agree in writing.
- 3.3. Metalform Structures reserves the right to charge interest on any amount overdue from the date it became due to the date payment is received at the rate of 12% compounded daily. All payments made by the Purchaser will first be applied to the accrued interest.
- 3.4. Metalform Structures may set off any amount owed by the Purchaser to Metalform Structures or any of its Related Corporations against any amount of money owed, or may become owing, by Metalform Structures or its Related Corporations to the Purchaser.
- 3.5. The Purchaser waives any right to set off any amount that is, or may become, owing by the Purchaser to Metalform Structures against any amount owing by Metalform Structures to the Purchaser. This clause overrides any other document or agreement to the contrary.
- 3.6. Payments made by credit card may be subject to a surcharge.

### 4. Default by Purchaser

- 4.1. Where the Purchaser is in default in the performance of any of its obligations under these Conditions and the Goods have not been supplied under a Consumer Contract, Metalform Structures may refuse, without prejudice to any other rights it may have under these Conditions or at law, to supply or deliver further Goods to the Purchaser until such time as the Purchaser has remedied that default, and / or may choose to terminate the contract.
- 4.2. If the Goods have been supplied by Metalform Structures under a Consumer Contract and the Purchaser is in default in the performance of any of its material obligations under these Conditions, Metalform Structures may refuse to deliver further Goods until such time as the Purchaser has remedied that default and where:
  - a. (a) the Purchaser has not notified Metalform Structures of any damage, inaccuracies or defects under clause 9 of this Contract; and
  - b. (b) the Purchaser does not remedy that default within 14 days of the Purchaser receiving written notification, or such other time as may be agreed by the parties, Metalform Structures may terminate the contract in relation to Goods that have not been delivered.
- 4.3. If the Purchaser (including a Purchaser under a Consumer Contract) commences to be wound up or is placed under official management or into liquidation or has a receiver and/or manager appointed in respect of any of its assets or becomes insolvent, commits any act of bankruptcy or becomes subject to any other analogous event, Metalform Structures may at its option exercise any or all of the following rights in addition to any other rights it may have under these Conditions or at law:
  - a. suspend deliveries of further Goods to the Purchaser whether under this contract or otherwise;
  - b. terminate the contract in relation to Goods that have not been delivered;
  - c. withdraw any credit facilities which may have been extended to the Purchaser and require immediate payment of all moneys owed to Metalform Structures by the Purchaser;
  - d. issue an invoice for, and demand immediate payment of, Goods ordered by the Purchaser but not delivered.
- 4.4. The Purchaser as beneficial owner charges in favour of Metalform Structures all of its interest in all of the present and future real property of the Purchaser as security for the due and punctual payment of all debts and monetary liabilities owed by the Purchaser to Metalform Structures pursuant to a contract on or including the terms of these Conditions. The Purchaser consents to Metalform Structures lodging a caveat to note its interest. Upon demand by Metalform Structures, the Purchaser agrees to immediately execute a mortgage on terms satisfactory to Metalform Structures to more particularly describe the security

interest conferred by this clause.

Should the Purchaser fail within a reasonable time of such demand to execute such mortgage then the Purchaser irrevocably appoints Metalform Structures as its attorney with authority to do on its behalf anything that it may lawfully authorise an attorney to do including, without limitation, to make, sign, execute, seal and deliver any document and to take possession of, use, sell or otherwise dispose of any real property of the Purchaser.

- 4.5. All costs incurred by Metalform Structures relating to any action taken by Metalform Structures to recover monies due from the Purchaser (including, without limitation, legal or other debt collection costs) shall be payable by the Purchaser on demand.
- 5. 5. Specifications, materials or special orders**
- 5.1. All descriptions, specifications, illustrations, drawings, data, dimensions and weights contained in catalogues, price lists or other advertising matter of Metalform Structures or elsewhere are approximations only. They are intended by Metalform Structures to be a general description for information and identification purposes and do not create a sale by description.
- 5.2. Metalform Structures shall not be bound to accept any change in product dimension, materials or finish, a reduction in the quantity ordered or other particulars of an order for Goods after Metalform Structures has ordered special materials or commenced tooling for manufacture.
- 5.3. Unless otherwise stated on a quotation, Goods will be supplied by Metalform Structures within the tolerances in regard to quantity, weight, dimension and chemical composition as specified in the relevant order or, if not specified, as consistent with usual industry practice. Where the total mass or length of any item supplied includes a fraction of a tonne, the Purchaser must pay for that fraction on a pro rata basis.
- 5.4. In the case of goods or components not of Metalform Structures's manufacture, Metalform Structures shall give the Purchaser, and use its best endeavours to enforce at the cost of and for the benefit of the Purchaser, such warranties and guarantees as Metalform Structures has obtained from its suppliers.
- 5.5. Where Metalform Structures is required to order special material or qualities for which a supplier of Metalform Structures requests minimum order quantities, the Purchaser may be requested to accept an increase of the minimum quantity required to be ordered by Metalform Structures to fulfil the order and if so requested the Purchaser shall be obliged to accept and pay for such increase. The price for the additional product shall be determined according to the unit price for the products included in the order.
- 5.6. If Metalform Structures is required to process the Purchaser's goods or materials then Metalform Structures does not give any warranty or assurance that materials supplied by the Purchaser are suitable for such processing. Subject to the rights of Consumers as set out in clause 11.2, Metalform Structures accepts no responsibility and shall not in any way be liable to the Purchaser for any damage done or caused to such materials or goods, except if you are a Purchaser under a Consumer Contract and such loss or damage arises from the negligence or wilful misconduct of Metalform Structures or any of its officers, employees or agents.
- 5.7. Notwithstanding any other provision of these Conditions, it is a term of the contract made between Metalform Structures and the Purchaser that Metalform Structures has discretion to refuse to supply Goods to the Purchaser (without liability to the Purchaser) where:

Purchaser as follows:

  - b. delivery will be made during Working Hours to the location agreed by the parties ("Delivery Point");
  - c. Metalform Structures or its transport contractor will deliver the Goods so close ("Drop Spot") to the Delivery Point as, in the opinion of Metalform Structures or its transport contractor, it is safe or prudent to do so and delivery occurs and risk in the Goods passes to the Purchaser when Metalform Structures's or its transport contractor's delivery vehicle arrives at the Drop Spot;
  - d. Metalform Structures reserves the right to charge the Purchaser any costs which it incurs as a result of any delay by the Purchaser in unloading the Goods or where unloading of the Goods cannot be effected, including, if applicable, a return delivery fee at the prevailing freight rates;
  - e. the unloading of Goods at a Drop Spot is the Purchaser's responsibility at its own cost and risk but Metalform Structures or its transport contractor may, without liability to the Purchaser, unload the Goods at the Drop Spot if the Purchaser requests Metalform Structures to do so or is absent from the Drop Spot at the time Metalform Structures or its transport contractor wishes to unload and, subject to the rights of Consumers set out in clause 11.2, the Purchaser releases and forever discharges Metalform Structures and its transport contractor from and against any claim, cause of action or liability arising out of the unloading of Goods at the Drop Spot;
  - f. where the Purchaser attends Metalform Structures's premises to acquire the Goods, Metalform Structures may, in its absolute discretion:
    - i. deliver the Goods into or onto the Purchaser's vehicle in which case risk in the Goods passes to the Purchaser and delivery is effected when the Goods are set down in or on the Purchaser's vehicle; or
    - ii. deliver the Goods by setting them down along side the Purchaser's vehicle in which case risk in the Goods passes to the Purchaser and delivery is effected when the Goods are set down along side the Purchaser's vehicle notwithstanding that Metalform Structures's staff may, on request, assist the Purchaser to load the Goods into or onto the Purchaser's vehicle.
- 6.2. Goods ordered for collection will be held for a maximum period of 10 Business Days after the specific collection date. If the Goods are not collected by that time, they may be delivered to (at Metalform Structures's option) the Purchaser's site or store or to a store selected by Metalform Structures and all costs incurred by Metalform Structures in relation to the holding and delivery of the Goods shall be charged to and be paid by the Purchaser.

  - 6.5. Dates and times quoted for delivery are estimates only. Maximum lengths for products vary by State and Territory and delivery of such will be determined by Metalform Structures on a case by case basis.
  - 6.6. Metalform Structures shall not be obliged to complete any order in one delivery and expressly reserves the right to deliver by instalments. Where Metalform Structures delivers by instalments each instalment shall be deemed to be sold to the Purchaser under a separate contract. Failure to deliver any one instalment by the time quoted for delivery of that instalment (if any) shall not entitle the Purchaser to repudiate the order.
  - 6.7. Where Metalform Structures or its transport contractor enters the Purchaser's premises or the premises of a third party nominated by the Purchaser as a delivery point, the Purchaser:
    - a. releases Metalform Structures from any claim the Purchaser may at any time have had against Metalform Structures but for this release in respect of damage occasioned to the Purchaser's premises or injury to persons arising out of the delivery by Metalform Structures or its transport contractor of Goods to such premises; and
    - b. indemnifies and holds Metalform Structures harmless from and against any loss, damage or liability suffered or incurred by Metalform Structures in respect of damage occasioned to the third party's premises or injury to persons arising out of the delivery by Metalform Structures or its transport contractor of Goods to the premises of the third party except for and to the extent that such loss, damage or liability suffered or incurred by Metalform Structures arises out of the negligence or wilful misconduct of Metalform Structures or its transport

contractor.

- 6.8. No defect or claim in respect of Goods delivered shall entitle the Purchaser to reject delivery of other Goods, which are not subject to any defect or claim, delivered as part of the order.
- 6.9. If Metalform Structures is prevented either directly or indirectly from performing any of its obligations under these Conditions, including without limitation, making a delivery of the Goods or any part of the Goods by reason of Force Majeure it shall be entitled, at its option, by notice to the Purchaser, either to:
  - a. extend the time for delivery of the Goods for a reasonable period; or
  - b. subject to refunding the Purchaser for any payment already made to Metalform Structures in respect of those particular Goods (if any), terminate this contract, and the Purchaser shall not have any claim against Metalform Structures for damages or any other remedy for breach of contract. "Force Majeure" shall mean an act of God, war, fire, strike, lockout, trade or industrial disputes, government interference, lack of production capacity or raw materials, transport delays, accidents, breakdown of plant or machinery, non delivery or shortage of supplies or any other cause beyond Metalform Structures's control.
- 7. Retention of Title**
- 7.1. The Purchaser agrees that legal and equitable title to the Goods is retained by Metalform Structures until Metalform Structures receives payment in full from the Purchaser for the Goods and all other monies owing by the Purchaser to Metalform Structures at any time. Prior to title in the Goods passing to the Purchaser, the Purchaser:
  - a. must hold the Goods as bailee and fiduciary agent of Metalform Structures;
  - b. where the Purchaser processes the Goods, either by using the Goods to manufacture other goods or by incorporating the Goods in or with any other goods, must hold such part of the new goods ("Processed Goods") on trust for Metalform Structures as bailee and fiduciary agent of Metalform Structures;
  - c. must store the Goods and such part of the Processed Goods separate from its own goods and those of any other third party so that they are readily identifiable as the property of Metalform Structures;
  - d. must keep the Goods in good and merchantable condition and fully insure the Goods against loss or damage however caused;
  - e. must not sell the Goods except with the prior written consent of Metalform Structures or in the ordinary course of the Purchaser's business, provided that any such sale is at arms' length and on market terms;
  - f. any proceeds of re-sale, insofar as they relate to the Goods shall be held on trust for Metalform Structures in a separate account; and
  - g. must not create any encumbrance over the Goods which is inconsistent with Metalform Structures's title and ownership of the Goods.
- 7.2. For purpose of this clause 7, "such part" means an amount equal in dollar terms to the amount owing by the Purchaser to Metalform Structures at the time the Goods are used in the manufacture of, or incorporated into, the Processed Goods.
- 7.3. If the Purchaser is in breach of these Conditions including, without limitation, failure by the Purchaser to make payment for the Goods by the date specified by Metalform Structures to the Purchaser or in Metalform Structures's reasonable opinion the payment of any amount in respect of the Goods supplied by Metalform Structures is in jeopardy, the Purchaser must return the Goods to Metalform Structures immediately on demand.
- 7.4. If the Purchaser does not return the Goods to Metalform Structures on demand under clause 7.3, the Purchaser irrevocably authorises representatives of Metalform Structures to enter upon any site where the Goods are located to take possession of the Goods without prior notice, and the Purchaser indemnifies Metalform Structures for all fees (including legal fees on a full indemnity basis), costs and expenses incurred or suffered as a result of any and all prosecution, actions, demands, claims or proceedings brought by or against Metalform Structures in connection with the retaking possession of the Goods or the exercise by Metalform Structures of its rights under this clause, and the Purchaser shall repay all such fees, costs, losses, damages, expenses or any other sums of money on demand.

- 8.3. The Goods are steel and other metallic products and rollformed steel building

- 8.4. The Purchaser acknowledges and agrees that Metalform Structures may apply to register a security interest in the Goods at any time before or after delivery of the Goods. The Purchaser waives its right under s 157 of the PPSA to receive notice of any verification of the registration.
- 8.5. Metalform Structures can apply amounts it receives from the Purchaser towards amounts owing to it in such order as Metalform Structures chooses.
- 8.6. If the Purchaser defaults in the performance of any obligation owed to Metalform Structures under these Conditions or any other agreement for Metalform Structures to supply Goods to the Purchaser, Metalform Structures may enforce its security interest in any Goods by exercising all or any of its rights under these Conditions or the PPSA. To the maximum extent permitted by law, the Purchaser and Metalform Structures agree that the following provisions of the PPSA do not apply to the enforcement by Metalform Structures of its security interest in the Goods: sections 95, 118, 121(4), 125, 130, 132(3)(d), 132(4), 135, 142 and 143.
- 8.7. The Purchaser and Metalform Structures agree not to disclose information of the kind mentioned in s 275(1) of the PPSA, except in circumstances required by sections 275(7)(b)-(e) of the PPSA.
- 8.8. The Purchaser must promptly do anything required by Metalform Structures to ensure that Metalform Structures's security interest is a perfected security interest and has priority over all other security interests in the Goods
- 8.9. Nothing in this clause 8 is limited by any other provision of these Conditions or any other agreement between the parties.
- 9. Damage, Inaccuracies and Defects**
- 9.1.
