**NOTICE:**

The images and content provided herein are subject to copyright and must not be distributed to other parties without the written consent of BlueScope Steel Limited.

The COLORBOND<sup>®</sup> steel colours contained in this package have been reproduced to represent actual product colours as accurately as possible. However, we recommend checking your chosen colour against an actual sample of the product before specifying or purchasing, as varying light conditions, screens and devices, and limitations of web palette colours may affect colour tones. In addition, while profiled textures have been created to represent light and shade on the selected profile's colour, the profiled colour textures are strictly a guide only and may not be an exact replica of the way profiles and colours appear in real life. You should contact BlueScope Steel Direct on 1800 753 658 for assistance in obtaining colour samples. Product profile samples may be available by contacting the supplier directly.

Availability of core palette colours may vary according to end application and profile. We recommend contacting your preferred supplier to confirm colour availability for your selected product.

The information herein is used by you at your own risk. To the maximum extent permitted by law, BlueScope Steel Limited accepts no liability for the use of or reliance on texture images or any other content featured herein in any way.

The use of these textures and content is subject to the STEEL SELECT<sup>®</sup> website Terms of Use - visit <https://steelselect.com.au/terms> for a copy.
