

QLD | NT ROOFING AND WALL CLADDING

CORRUGATED ROOF AND WALL CLADDING

- Lightweight and easy to handle
- Cost-effective to use and quick to install
- 5 degree minimum roof pitch to suit most traditional applications
(Also available in *Bullnosing and Curving*)

MONOCLAD® ROOF AND WALL CLADDING

- 29mm ribs provide excellent spanning and water-carrying capacity
- Stramit Monolap® lap joint system allows for single plane, long run roofs
- Suitable for 2 degree minimum roof pitch

STRAMIT LONGSPAN® ROOF AND WALL CLADDING

- Cost-effective to use and easy to install
- Architectural flexibility for curved roofs and roof pitches as low as 3 degrees
- Variable fixing screw patterns give design flexibility

CAPACITYPLUS™660 DEEP ROOF CLADDING

- 50mm ribs improve weather tightness and water-carrying capacity
- Suitable for roof pitches as low as 1 degree
- Rigid profile provides additional spanning capacity

SPEED DECK ULTRA® CONCEALED FIXED DECKING

- Outstanding wind load resistance and water-carrying capacity
- Suitable for roof pitches as low as 1 degree
- Stramit FarLap® roof lap joint system is the ideal solution for long run roofing

C-CLAD 280 WALL SHEETING

- Durable system of interlocking panels with fully concealed fasteners
- Suitable for horizontal and vertical applications, or any angle in between
- Low profile for easy flashing and cleaning

PREMIER 300 ARCHITECTURAL CLADDING

- Wide cover makes it cost-effective to use
- Durable system of interlocking panels with fully concealed fasteners
- Suitable for horizontal and vertical applications, or any angle in between

K-PANEL® WALL SHEETING

- Wide cover makes it cost-effective to use
- Quick to install with simple conventional fastening
- Lower profile facilitates smaller flashings for small projects

MINI CORRY® PANELLING

- Small rib size visually complements Stramit® Corrugated roof sheeting
- Conventional fixing for quick installation and seamless finish
- Roll formed to deliver consistent profile and lengths made to order

STRAMIT MINIRIB® PANELLING

- Ideal for internal wall linings, fascias, eaves, transport siding and transportable buildings
- Conventional fixing makes it quick to install
- Stramit's widest cover cladding
