

# COMMERCIAL HALF ROUND GUTTERS

Stratco specialise in manufacturing Half Round Gutters for commercial projects. Our half round gutter is the perfect addition when you want to make a bold design statement.

The appealing shape of Half Round is largely self cleaning and has a good water carrying ability due to its wide diameter. Half Round is ideal for modern industrial and office buildings because of its clean, smooth, practical shape.

## FEATURES:

- Custom manufactured lengths up to 6 metres
- Available Finishes: Colorbond®, ULTRA, Matt Finish, Zinalume®, Traditional Galvanised
- Unslotted only
- Standard brackets available for 200mm to 400mm gutters
